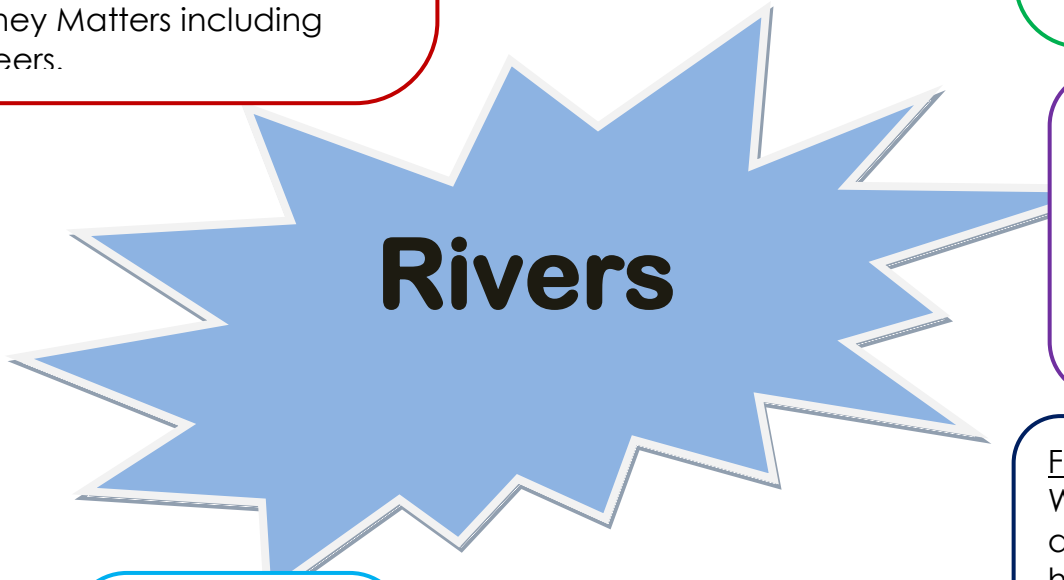
Project: To learn about features of the rivers.

Rivers



English
We are revising spellings, punctuation and grammar. We will also be concentrating on our comprehension skills and writing.

PSHCE
We are learning about relationships and how our body changes. We will also be learning about Drug Education including rules and laws, peer influences and managing risks. We will also be covering the unit Money Matters including careers.

PE
We are learning how to play kwik cricket and practising our athletics skills in preparation for sports day. Maple will continue with swimming whilst Horse Chestnut learn gymnastics.

Maths
We are revising arithmetic and reasoning skills, focusing on statistics, measurement, fractions and word problems.

Science
Learning how living things are classified into broad groups according to common observable characteristics.

Computing
3D modelling and printing using the 3D printer.
spreadsheets - entering information and using formulas in Excel.

Art and Design Technology
We will be learning about Surrealism. We will be learning about key artists linked to the movement and creating our own art.

French
We are learning how to talk about: the rooms in our house, numbers between 50-100, ways of travelling and holidays.

Geography
We will be comparing rivers around the world and learning about the features of a river as well as improving our map skills.

RE
We will be attempting to answer the question 'What does it means to be a Muslim in Britain today?

Music
We are learning about the history of twentieth century music from big bands to rap music.

History
We have already covered our history topics this year.
